

## Portrait Consultation

When you are ready to book your Portrait Session, call and make an appointment for a Portrait Consultation. This should take about half an hour, and we will discuss all the details that go into making your portrait session the best it can be.

At this time, a retainer of \$125 is required to reserve your portrait session. The retainer will go towards any portraits or products you would like to purchase during your Portrait Selection appointment. **If you commit to spending \$600 as your retainer before your portrait session, you will receive a CD with your unretouched images sized as 4 x 6.**

## The Portrait Session

You may choose to have your portraits done in your own home or in the Heavenly Moments studio. Or, you may prefer to have them taken in your backyard or at your favourite park. Wherever you are comfortable, Heavenly Moments Photography will capture timeless photographs that you and your family will cherish for years to come.

## Portrait Selection

A separate appointment will be scheduled for a few days after the portrait session where you will select and order the portraits you would like.

Please make sure that anyone you would like to have participate in the decision making process is available to come for the portrait selection appointment.

To make this selection process easier and more enjoyable, we recommend that you come with a list of people you would like to give portraits to as well as what size portrait you would like to give each one of them, and that you do not bring small children along.

**A few Suggestions**

- Consider what time of day your children are at their best and schedule your sitting around that.
- When having your portraits done at the Heavenly Moments Studio, wear different shoes en route to the studio than those that you would like to wear for your photographs to avoid having them wet or dirty.
- If you have shiny skin, wear some translucent powder to help take away the shine.
